

WOW! Business Huntsville Fiber Network Supports 10-Gig Capable Internet Service for Local Businesses and Government Organizations

While other Broadband Network Providers Make Promises, WOW! Business Has Existing Ability to Deliver Commercial Access to 10 Gbps Internet Service in the Rocket City

HUNTSVILLE, AL – March 16, 2016 – [WOW! Business](#), a communications and broadband network provider with strong ties to Huntsville spanning many years, today reaffirmed its commitment and ability to deliver 10 Gbps of dedicated Internet access to commercial enterprises and government organizations in the city.

“While other service providers are making promises to invest in building 10 Gbps commercial fiber networks in Huntsville, WOW! Business already has an existing 10 Gbps fiber-optic network, scaling to 100 Gbps between certain markets in 2016. As we continue to expand, this high-speed network is currently capable of providing 10 Gig Internet access to businesses and government organizations in Huntsville,” said John Lucia, System Manager for WOW! Business in Huntsville.

“We’re currently in the best position to help the Rocket City quickly become a 10-Gig City, driving economic growth and providing commercial enterprises with the fastest dedicated Internet access available,” Lucia added. “Our 10 Gbps dedicated Internet access has the ability to transport extremely large amounts of data rapidly, reliably and with unsurpassed quality and security, backed by highly responsive local customer service and support.”

WOW! Business provides IP-based network, data, voice and cloud services for small and medium-sized business, enterprise, government and wholesale customers. The company owns and operates more than 40,000 miles of local fiber-optic and coaxial networks in the Southeast, Mid-Atlantic and Midwest which, along with its data centers, provide customers with scalable, low-latency access to national carrier backbones.
